

Our LiteLink™ slat is one of the most economical chain-link enhancement products available in the market today. Manufactured using the same durable outdoor plastic as our standard tubular fence slats, this single wall “M” shaped slat will give you the visual screening and color enhancement you desire at a very affordable price. LiteLink also uses our patented Bottom-Locking system for fast and easy installation.

FEATURES

Design: Compact and lightweight, LiteLink’s unique shape enables this slat to self stack. A package the size of a 2” x 4” contains enough material to cover approximately (10) ten linear feet, making this product easy to ship and efficient to store.

Fast & easy installation: You can hold over 5 linear feet of product in your hand, as you simply slide the slats into the wire and snap them in the bottom-locking channel for security.

Standard heights: 4, 5, 6, 7, 8, 10, and 12 feet. Special heights available upon request.

Wind load and privacy factor: Approximately 75%.

Slat length: 3 1/2” shorter than overall height of fence.
